All the girls will tell ya
I'm a fancy fellar
When I point a finger
They do what I say
Oh, you wanna see me
When I'm at a movie
Got no competition
And I won't have it any other way

Call me the Back-Row Romeo
I really cut it when the lights are low
You might as well forget the picture show
'Cause you'll be busy with me
There ain't no way of love that I don't know
No good you're thinking that you wanna go
I'll kiss you baby and you won't say no
Call me the Back-Row Romeo

I remember one chick
Thought that she was too slick
Thought that she was too good
For all the men around
They were getting no where
They could never get there
You should have seen their faces
When I took the little lady on the town

All the guys 'll look down
When they see a mirror
They can see the girls are
Looking up at me
When I'm at a drive-in
I'm a pretty head spin
I can pick and choose now
I get it on with any girl I see

Call me the Back-Row Romeo
I really cut it when the lights are low
You might as well forget the picture show
'Cause you'll be busy with me
There ain't no way of love that I don't know

No good you're thinking that you wanna go
I'll kiss you baby and you won't say no
Call me the Back-Row Romeo
Call me the Back-Row Romeo
Call me the Back-Row Romeo

Call me the Back-Row Romeo
I really cut it when the lights are low
You might as well forget the picture show
'Cause you'll be busy with me
There ain't no way of love that I don't know
No good you're thinking that you wanna go
I'll kiss you baby and you won't say no
