She don't, but she will he says, "Anything to keep her  
by him"

She takes, what she gets and she never did flinch no  
So over and over and anyone  
With any mind would think that's all she gets

If you want you can get to know me well  
We get along so we shouldn't argue yeah  
And I don't know, I said I don't know no  
All these feelings, cloud up my reasoning  
Yeah they cloud up my reasoning yeah

I know, but I still believe in ignorance as my best  
defense  
So go on, wreck me funny how I carry on and not be  
taken over  
I will not roll over on anyone  
'Cause anyone would stand up on my side

If you want you can get to know me well  
We get along so we shouldn't argue yeah  
And I don't know, I said I don't know no  
All these feelings, cloud up my reasoning  
Yeah they cloud up my reasoning yeah

You know it's funny how sometimes  
It don't work out like you want to  
No you never get nothing at all  
Then she tells you that it's over

Boy don't you hate it when it's over  
I guess something just got lost  
And it deeply saddens me  
So over and over anyone who's anyone

If you want you can get to know me well  
We get along so we shouldn't argue yeah  
And I don't know, I said I don't know no  
All these feelings, they cloud up my reasoning

We get along so we shouldn't argue yeah  
We get along so we shouldn't argue yeah

We get along so we shouldn't argue yeah
