I will do without  
The spaces in between  
If you can tell me now  
What it means to be

You have been found out  
I have been deceived  
By the one that I need

*[Chorus]*

Tell me why you gotta be so cold  
How'd you get so high  
Why you're keeping me low  
You dont know, you don't know  
Tell me how we're gonna make it last  
You're ready to fly  
I'm ready to crash  
Don't go, don't go, no

You will go without  
A better part of me  
There will be no doubt  
What this all could mean  
You will be found out  
I can not believe  
In the one that I need

*[Chorus]*

Tell me why you gotta be so cold  
How'd you get so high  
Why you're keeping me low  
You don't know, you don't know, don't know

And tell me how we're gonna make it last  
You're ready to fly  
I'm ready to crash  
Don't go, don't go away

*[Chorus]*

Tell me why you gotta be so cold  
How'd you get so high  
Why you're keeping me low  
You don't know, you don't know, you don't know  
And tell me how we're gonna make it last  
You're ready to fly  
I'm ready to crash  
Don't go  
Yeah, don't go

Tell me why you gotta be so cold  
Tell me anything about you I don't know  
I don't know by now  
Know by now  
Tell me how we're gonna make it last  
You're ready to fly  
I'm ready to crash  
Don't go  
Yeah, don't go
