Never survive at your no-go grocery store
And if you believe that boy will sit down and I will
Tell you more
Lee harvey oswald, well you know he had to have
known
Charlie manson, only wanted to make his house a
home

Chorus:

Jesus was an alien, flying through space
God was an astronaut, who said "boy, I like your face"
So the story begins...

Girl I love you, well the check is in the mail
Found religion inside myself, I drank the blood, the
Flesh was stale
Reach in your pockets and give us all you can
Know the one that's going to heaven, is gonna be the
Richer man

(chorus) x 2

I see ya shakin boy, do ya find it hard to believe
That the one you been living for would cut your wrists
To watch you bleed
Found out the truth is a lie, and it makes you feel
Unwell
Say the church of all mighty God is all we have to
Save us from hell

(chorus) x 2
