This will all fall down like everything else that was  
This too shall pass and all of the words we said  
We can't take back

Now every fool in town would've left by now  
I can't replace all the wasted days  
The memory of your face - can't help thinkin'

Maybe if we ever coulda kept it all together  
Where would we be  
A thousand lost forever  
And the promises you never were giving me  
Here's what I'm thinking

It won't be the first - heart that you break  
It won't be the last - beautiful girl  
The one that you wrecked - won't take you back  
If you were the last beautiful girl in the world

Tell me one more time  
How you're sorry about the way  
This all went down - you needed to find your space

You needed to still be friends  
Needed me to  
Call you if I ever couldn't keep it all together you'd  
comfort me  
Tell me but forever  
And the promises I never should have believed in  
Here's what I'm thinking  
It won't be the first - heart that you break  
It won't be the last - beautiful girl  
The one that you wrecked - won't take you back  
If you were the last beautiful girl in the world

It's over now - and I've gone without  
Cuz you're everybody else's girl  
It seems to me - you'll always be  
Everyone else's girl  
Everyone else's girl

This will all fall down

Like everything in the world  
This too must end  
And all the words we said  
We can't take back

It won't be the first - heart that you break  
It won't be the last - beautiful girl  
The one that you wrecked - won't take you back  
If you were the last...

It won't be the first - heart that you break  
It won't be the last - beautiful girl  
The one that you wrecked - won't take you back  
If you were the last beautiful girl in the world

The last beautiful girl in the world  
You are the last beautiful girl in the world  
Beautiful girl
