Im waking up at the start of the end of the world  
But its feeling just like every other morning before  
Now i wonder what my life is gonna mean if its gone  
The cars are moving like a half a mile an hour and  
I started staring at the passengers and waving  
goodbye  
Can you tell me what was ever really special about me  
all this time

Well i believe the world is burning to the ground,oh well  
i guess were gonna find out

Lets see how far we've come,  
lets see how far we've come  
Well I believe it all, its coming to an end  
oh well, I guess were gunna pretend  
Lets see how far we've come,  
lets see how far we've come

I think I turned to the clock, but I dont really know and  
I can't remember caring for an hour or so. I started  
crying and I couldn't stop myself, I started running but  
theres nowhere to run to.  
I sat down on the street and took a look at myself, say  
where you goin man, you know the world is headed for  
hell.  
Say your goodbyes if you've got someone to say  
goodbye to.

Well i believe the world is burning to the ground,oh well  
i guess were gonna find out

Lets see how far we've come (right now),  
lets see how far we've come

Well I believe it all, its coming to an end  
oh well, I guess were gunna pretend  
Lets see how far we've come (oh yeah)  
lets see how far we've come

Its gone, gone baby, its all gone  
theres noone on the corner and there noone at home.

Well and its cool, cool, it was just all cool  
now its over for me and its over for you  
Well its gone, gone baby, its all gone  
theres noone on the corner and there noone at home.  
Well and its cool, cool, it was just all cool  
now its over for me and its over for you

Well i believe the world is burning to the ground, oh  
well i guess were gonna find out

Lets see how far we've come (right now),  
lets see how far we've come  
Well I believe it all, its coming to an end  
oh well, I guess were gunna pretend  
Lets see how far we've come (oh yeah)  
lets see how far we've come (x8)
