I feel stupid
But i know it won't last too long
I've been guessing
But i could've been guessing wrong
You don't know me now
I kinda thought that you should somehow
It's that whole mad season got you down

I feel stupid
But it's something that comes and goes
And i've been changing
I think it's funny that no one knows
And we don't talk about the little things that we do w/o
When the whole mad season comes around

So why you gotta stand there looking like the answer
now
It seems to me that you come around

And i need you now
Do you think you can cope, you've figured me out
That i'm lost and i'm hopeless
I'm bleeding and broken
Though i've never spoken
I come undone
In this mad season

I feel stupid
But i think i've been catching on
I feel ugly
But i know that i still turn you on
You've grown colder now
Torn apart angry, turned around
Will that whole mad season knock you down
Are you gonna stand there
Or are you gonna help me out
We need to be together now

And i need you now
Do you think you can cope,
You've figured me out
That i'm lost and i'm hopeless

I'm bleeding and broken
Though i've never spoken
I come undone
In this mad season

And now i'm crying
Isn't that what you want
And i'm trying to live my lif on my own
But i'm holding on to old times
I do believe i am strong
So someone tell me why
Do i
Feel stupid
And i come undone
And i come undone

And i need you now
Do you think you can cope, you've figured me out
That i'm lost and i'm hopeless
I'm bleeding and broken
Though i've never spoken

And i need you now
Do you think you can cope you figured me out
I'ma child and i'm hopeless
I'm bleeding and broken
And i come undone
In this mad seasonÂ...
Its been a mad season.
