What would you say if I asked you not to go?
Would you forget everyone, forget everything and start
over with me?
Would you take my hand and never let me go?
Well promise me you'll never let me go

And the stars aren't out tonight,
But neither are we to look up at them
Why does hello feel like goodbye?
These memories can't replace,
These wishes I wished and these dreams I chased
Well take this broken heart and make it right

I feel like I lost everything when you're gone
Left remembering what it's like to have you here with
me
I thought you should know,
You're not making this easy

I never thought I'd be the one to say
Please don't, well please don't leave me

I feel like I lost everything when you're gone
Left remembering what it's like to have you here with
me
I thought you should know,
You're not making this easy

You're not making this easy... (easy, easy, easy...)

Take my hand and never let me go,
Take my hand and never let me go,
Promise me...
You'll never let go
Never let go
Never let go
You'll never let go
Make this last forever

I feel like I lost everything when you're gone
Left remembering what it's like to have you here with

me

I thought you should know, you're not making this easy

You're not making this easy

You're not making this easy

You're not making this easy

You're not making this easy

You're not making this easy

I'll fall asleep tonight, cause that's what brings me
closer to you
