She grabs her magazines  
She packs her things and she goes  
She leaves the pictures hanging on the walls  
She burns all her notes  
And she knows she's been here too few years  
To feel this old

He smokes his cigarette  
He stays outside 'til it's gone  
If anybody ever had a heart  
Well, he wouldn't be alone  
He knows  
He's been here too few years  
To be gone

And we always say  
It will be  
Good to go away  
Someday  
Yeah, but if there's nothing there to make things  
change  
If it's the same for you why participate

Trouble understands  
She's got reasons  
He don't  
Funny how I couldn't see it all  
Until she grabbed up her coat  
She goes  
She's been here too few years  
To take it all in stride  
Yeah, well still it's much to long  
To let her go

You always say  
It would be good to go away some day  
Yeah, but if there's nothing there to make things  
change  
If it's the same for you why don't you just participate

You always say

It would be good to go away some day  
But if they don't work out like we think  
and there's nothing there to ease their sake  
and there's nothing there to make things change  
If it's the same for you, why don't you just hate
