You and I and I

Well its for sure  
Well things came down hard but you couldn't wait  
Well all I think about is myself and anyone else  
Well they get strung out but I get high  
Well buddy something you better get straight  
I ain't got no room in my life  
pick up the anchor set it swinging

And well stop well I - I don't want to thank you honey  
I don't think so  
You better oh stop and try  
'cause if there's a distance here between us  
Well its you and I and I

Well it's a shame you pander to me  
C'mon stroke on my ego  
Well like it's never been broke before  
a' well by anyone else

And what doesn't kill you it makes you linger  
And it makes you wonder

\*\*Hell goodness sake do you ever get sleep

\*\*Think one thing I believe  
\*\*that if one thing doesn't kill you it doesn't stay

And well stop well I - I don't want to thank you honey  
I don't think so  
You better oh stop and try  
'cause if there's a distance here between us  
Well it's you and I and I

Well buddy something you better get straight  
I ain't got no room in my life  
Pick up the anchor set it swinging

And well stop well I - I don't want to thank you honey  
I don't think so  
You better oh stop and try

'cause if there's a distance here between us  
Well its you and I and I
