\*The song is called "So Sad, So Lonely"

~~~~~

I found out  
On a late-night drive  
In my winter coat  
With my blood-shot eyes  
My faith ain't been  
No friend to me  
And the way I sin  
Is hanging off of me  
And I'm sorry  
You can't take me anywhere  
Pretty soon we're almost there  
Baby, one more night  
It's been a long, long drive  
And I'm way, way tired  
I don't need no  
Back-up plan  
(CHORUS)  
I don't want nobody  
Nobody don't want me  
I'm so sad, so lonely  
But I've always landed on my feet  
One more time  
With a sad, sad smile  
And your white bread friends  
In the circus life  
All the one-way rides  
The sweet beginners  
Passing on the left-hand side  
With a sideways smile  
And I'm always  
One step from stalling  
Bad trips can make great stories  
Dance all night  
With your ass on fire  
And your hands up high  
And feel me one more time  
(CHORUS)  
I learn to love myself  
And I don't need no one else  
And when a love moves on,

'Cause it gets cold  
Then another moves in  
And it can fill the hole  
I'm one more hopeful  
Lying on the bedroom floor  
No sense trying  
When the whole thing drops  
You lose your nerve  
I HOPE YOU GET WHAT YOU DESERVE!  
(CHORUS)
