Still don't mean nothin'  
Was written on the concrete  
The words weren't on my tongue  
Cause we don't talk about it  
Day or no evenin', fashion or superman  
Just little warped people  
With little black minds  
Well I wasn't sure just what to think  
Say the lights went out  
Somebody, somebody swing  
Don't wanna, don't wanna talk anymore  
Somebody swing  
Don't wanna talk no...no

What if we're tainted  
Who can we lie to  
What if we're dying  
Would you just walk around it  
Well I wasn't sure just what to think  
Say the lights went out  
Somebody, somebody swing

(chorus)  
Don't wanna, don't wanna talk anymore  
Bring boy, can you bring me down  
Can you swing  
Don't wanna, don't wanna talk anymore

Shut your violence, keep your head down,  
Watch your anger boy, realize you could lose  
This is violence, look for reason  
This don't have to make sense to anybody at all  
Then everybody, won't you swing

No still don't mean nothin'  
Words written all over the concrete  
All over the concrete  
Rage gets you out, so you swing

(chorus)  
I don't wanna talk no no no no

Can you swing  
(chorus)
