You've been talking for an hour,
and I swear to God that I can't hear a word you say
So would you come to me, come to me
I get caught up and the waves of conversation they
wash over me
And they cover me, they cover me

Should I just pack my things and leave
Would I be a bigger man if I built a wall around your
heart
and dared you to come in
I could lie to you and say I didn't mean it
But hurts a funny thing and it makes you stronger

[chorus:]
All is nothing in moderation
It's a dirty feeling and it makes you stronger
Well I believe I'm just plain tired

There's a funny way your lip shakes when I know that
you've been lying,
and it touches me
It comforts me, it comforts me
I guess I should be satisfied, did you say you love me
half the time
Well let's settle there, we can build from there, build
from there

Would you be happier if I was only half the man I am
You could shadow me and dare me to come in
I could lie to you and say I didn't mean it
But it really doesn't matter when you stop to think about
it

[CHORUS]

The end is coming she don't even feel it
It's a strange sensation, I'm almost happy
Well I believe I'm just plain tired, I'm tired (oh yeah,
yeah, yeah, yeah)

Should I just pack my things and leave

Would I be a bigger man if I built a wall around your
heart
and dared you to come in
I can lie to you, say I didn't mean it
But hurts a funny thing, hurts a funny thing

[CHORUS]

The end is coming she don't even feel it
It's a strange sensation, I'm almost happy
Well I believe I'm just plain tired, tired

Well all is nothing in moderation
Dirty feeling, strange sensation
I believe, I believe
Believe I'm tired
