La la
La la la la la oh yeah

One short line I've been rehearsing, like you're in person.
Lost my mind, I want to tell you how much I'm crazy for you.
I can't pray; you're my religion. Speak and I'll listen.
Come and stay. I've asked you for hours.
Can't fall asleep without you.

Chorus:
I will chase the stars; run a million yards
To get where you are.
You're all the really matters.
I'm a missing star
Hearts on overdrive, when you're by my side
You say that you want me, you know that I want you
Wrapped in my arms.
You say that you're better when we're together.
Baby so far,
I am a fool for you
For you, for you, for you.

Don't ask why, why I act senseless 'cause I'm defenseless
Can't get by, I'm taking off my days... walking on freeways to ya.
Your love feels like I'm a stoner, your kiss just takes me over.
Can't hide it I'm getting more foolish the more we do this.

[Chorus]

It's raining but I'm standing outside
She heard me, heard me singing this lullaby
She's smiled back, then moved to my side.
I knew it, knew it, she's as foolish as I.
It's raining,
But she's standing outside.

We stand forever, like
I smiled back 'cause she ran to my side.
I knew it, knew it, she's as foolish as...

[Chorus:]

I am I am, I am, I am
I'm in love love love love love
I'm in love love love love love
I'm in love, I'm in love
I'm fool for you
