"Let it Snow"

Oh, yeah, oh, oh
Christmas time has come
It lasts, but a few
Comes like a memory
I know that life seems hard, so far
Gather round today, and we'll go
Then we'll love
And yes go tonight

Our sleigh ride to the moon,
We'll fly to the galaxies, yes
We'll fly to the moon tonight

Is it Christmas time? Christmas time?
Is it Christmas time? Christmas time?
And I love the life, feel the joy
And I never fall cause it's
Christmas time, and all the lights, all the lights, all

Oh let it snow, let it snow
Christmas time, Christmas time
Let it snow, let it snow
Christmas time, Christmas time
Let it snow, let it snow
Oh yeah
Let it snow, snow-oh-oh tonight
