#### HOOK

Hopin' that they write songs about me  
Hopin' that they write songs about me  
Hopin' that they write songs about me... when I'm  
gone

Tell me that you will sing about me  
Tell me that you will sing about me  
Tell me that you will sing about me...when I'm gone

#### VERSE 1

Something walked across my mind  
Screaming at my conscious high  
Written in a question rhyme  
What's the point? Why even try?  
You've been cryin' over rivers...  
Been cryin' over rivers for months

Why's the price of chasing fame  
Dollars someone else can gain  
All that's left is pocket change  
And Bill's the only name u made  
I'm tryna see the lesson  
Tryna learn the lessons... I can't

#### PREHOOK

But when the dark covers me  
I hope the world remembers me  
That I was free... free to be me

#### HOOK

#### VERSE 2

Keep blaming dad for breakin' hearts  
Mine before the beat could start  
Bet I'll find the missing parts  
Cause Momma needs a brand new carl promise that  
I'm working  
Promise that I'll work hard for her

And if I die up on this stage

Tell my girl I love you babe  
Probably should've quit the game  
Now I'm by the river banks  
I'm cryin' you a river  
Cryin' over rivers for you

#### PREHOOK

But when the dark covers me  
I hope the world remembers me  
That I was free... that's how I plan to leave....

#### HOOK

#### BRIDGE

I hear them say...  
You got this, don't worry, don't worry, You got this, I  
got you, don't worry, don't worry  
I hear them sing...  
You got this, don't worry, don't worry, You got this, I  
got you, don't worry, don't worry  
I hear them say... yeah  
You got this, don't worry, don't worry, You got this, I  
got you, don't worry, don't worry  
I hear them say that what you do is not in vain....no

#### HOOK

#### VERSE 3

I figure that this bumpy road  
Is worth it if my stories told  
The struggles on the way to gold  
A fable never getting old  
It keeps me going on... ya know  
It keeps me going on til I'm gone
