Oh, you and me on a fantasy
This is what it's like on a fantasy

No, I wouldn't challenge your home
In the basement of words we knew
There were more of us

Don't want to make you grow numb
If it's not what you thought it was
Legs are for discovering

Relieved and now we see the road
This is what it's like on a fantasy

Little codes bring the balance to none
And the shapes of your hands do tell of such a rare
variety

Relieved and now we see the road
This is what it's like on a fantasy

You put your life on hold as we interest one another
Two steps closer to the level I imagined
I remember when it poured and you sang to me in
summer
It's a fantasy

Relieved and now we see the road
This is what it's like on a fantasy

You put your life on hold as we interest one another
Two steps closer to the level I imagined
I remember when it poured and you sang to me in
summer
It's a fantasy

Jason:

You put your life on hold as we interest one another
Two steps closer to the level I imagined
I remember when it poured and you sang to me in
summer
It's a fantasy

Don't want to make you grow numb
If it's not what you thought it was
Legs are for discovering
This is what it's like
This is what it's like on a fantasy

Put your life on hold
This is what it's like on a fantasy
