Row

The Bull Grecian says, "What have you read?"  
I come from there, it's executive-sized  
It's useless he shares, these legs are all wrong  
What Gray often says, it's executive-sized  
To ride again  
Ride again though

I don't know, 'cause I've been told, 'cause I am inside

The Bull Grecian says, "Don't waste your own time."  
You're seeking his grace

It's executive-sized  
To ride again  
Ride again though

I don't know, 'cause I've been told, 'cause I am inside

What a sight, oh

I don't know, 'cause I've been told, 'cause I am inside
