On our picture shelves  
Statues mocking me  
Tell me how am I supposed to feel?  
How am I not put at ease?  
(Get on or get out)

Talk yourself to sleep  
Fall into it deep  
I will wash off mine with rolling waves of worry  
(Get on or get out)

Hey hey it doesn't have to feel so wrong  
Bethany you're riding this one to its grave  
You never understood the difference  
Between someone's beating and refusal to trade

Bless these tangled veins  
None of which will grow the same  
Now am I supposed to fake it?  
Now are you so poised, at ease?  
(Get on or get out)

Talk yourself to sleep  
Fall into it deep  
I will wash off mine despite no worry  
(Get on or get out)

Hey hey it doesn't have to feel so wrong  
Bethany you're riding this one to the gates  
You never understood the difference  
Between someone's beating and refusal to trade

Think long, think think long, think think

Can you feel it surround me?  
I think it'll drown me

And I wonder how you could say that we really owe you  
anything  
And I wonder how you could say that you really owe us  
anything

Think long, think think long, think think

And I wonder how you could say that we really owe you  
anything

And I wonder how you could say that you really owe us  
anything

Think long, think think long, think think
