Irreplaceable Love

1, 2, 3

There was a point in my life time when I'd just gone
astray

From my normal caring state of mind

Doing things usually wouldnt do

Saying things I wouldnt say

Personality of all I had to find

For we all go through moments where hes hard to find

I still fall victim to the point of no return

Thats why its nice to know that your right by my side (la
da da da da da)

And your love for me will never ever turn (no ooh)

Chorus:

Your the one, my strength, my reason why i walk
around cool

Now I know (now I know)

That ur love is irreplaceable (come on sing)

Thought that I can do without the things that you do
how you do it all for me

Now i know (I know)

That your love is irreplaceable (oh oo oh)

Verse 2:

I fell apart of the scene

went through such an akward phase (mmm)

Thinkin that i could solve my problems on my own
(thinkin I can do it on my own)

Frustration started 'cuz things didnt go my way (la da
da da da da da)

Failed to realize your love helps get my by

And in the dawning moment came upon my mind

Somehow travels end of darkness i saw light

And you refuse that you are there to ease my plite

Bringing faith again

to help me through it all

Chorus

verse 3:

Cant bear without you
You've got a special kind of love
that keeps me handlin
makes everything alright
makes life worth living
I've never felt so sure about anything in my life
but I know your love is so real
ya give me piece of mind (mind o yeah) (whoa)

Chorus (repeat)
