Can't you tell me  
Don't you know it  
Can't you see that I,  
Don't you know that I've been here way too long  
To keep this one  
To keep him strong again

Did you know that I  
Can't you see that I've seen this  
All I've felt before  
No success and you lost your way.  
Better listen to a distant warning  
And loss and drifting.  
Yeah, over and over and over and over again

Fine disaster  
Fine disaster  
Fine disaster  
Take it in my eye  
Put it in my hand  
Wanna see this face  
Wanna understand

Fine disaster  
Fine disaster  
Fine disaster  
Take it in my eyes  
Push it down my throat  
I wanna get you there  
I wanna see you choke

Can't you tell me  
Did you think that  
Maybe there's some way  
Maybe there's some way  
I can get to you to see this right  
To prove this one more time

Better think that I,  
Don't you know that I've been a reasonable man?  
Disciplined in your hand  
Outside, been outside your house

In your car  
Around your place, I stop there  
Over and over and over and over again

I find disaster  
You find disaster  
I find disaster  
Put it in my hand  
Put it in my hand  
I wanna see your face  
I want to understand

Fine disaster  
Fine disaster  
Fine disaster  
Take it in my eyes  
Push it down my throat  
I want to see you there  
I want to feel you choke

Can't you tell me  
That you need more time  
We'll do this one more time  
They had fell for you but now they don't  
So you can just go home

You stuck a thimble in my hand  
You eat your grapes  
To dead
