O gosh, I must have slept for hours
Don't I have some better things to do
(That's up to you)
I'll go out and buy some flowers
(Make sure they're fresh and strong)
Just to brighten up my room

Not in the mood at all to get things done
(Sure can wait another day)
I need something to turn me on
Right now... it's first things first
A rare old time is all I need

I could hardly live without it
What on earth would I do then
(That's hard to tell)
I don't want to think about it
(Is there something we should know)
There's no reason for concern

The girls who laugh have all the fun
(The girl who laugh have all the fun)
When I join them now I can't go wrong
I know... first things first
A rare old time is all I need

All those people, they amuse me
True believes are not inside
We can listen to the Beach Boys
As I take you for a ride
When the fireworks are over
And another day has gone
What remains is time to think
Off all the things we have in store

The girls who laugh have all the fun
(The girls who laugh have all the fun)
And for the guys who think I'm on the run
I'm not... first things first
A rare old time is all I need

Make a wish and don't be modest
If you win
We grant you all
