Amy I know you don't know me, but I think fate has stepped in
I been tippy toin to a place that I wanna be
And I think you should be there
Amy I know we ain't focused, but give it a little bit of time
I been tippy toin now I'm roller coastin down
A mountain made of love for you and what I scream is for you

Amy, will you hold my hand for 100 years
Amy, will you hold my love for 100 years

Amy I've laid in dungens, left a good thing once or twice
Yet I'm after you forever always there for you
Will you take my hand or should I scream again

Amy, will you hold my hand for 100 years
Amy, will you hold my love for 100 years
I know it seems like a long, long time but we'll make it
I swear we'll make it
Amy...
Amy, will you hold my hand for 100 years
Amy, will you hold my love for 100 years
