Kinda want to play the role
The leading force that ties you down to the pace that I
walk
Castin out the weaker girls
Makin sure when you come around there's no drama to
hide
Polish up my bigger words
Set my whole life to sound that won't just get me by

I've got it all mapped out for days
What I'm really tryin to pave is a sidewalk that

I can completely
Stroll down with you
And hold your hand for life
You're my bleeding Rose

And I completely
Surrender myself
For my entire life
You're my bleeding Rose

How'd you like to take my hand
You should help me pave the way ooo...

Sure hope your getting close
I'll put my ear to the ground you can't be that far
Lady what I'm tryin for
Maybe looks like I'm changein but I'm gettin to know
you
Fragile is the perfect term
That's what I am with you but lets both make it strong

I've got it all mapped out for days
What I really tryin to pave is a sidewalk that

I can completely
Stroll down with you
And hold your hand For life
You're my bleeding Rose

And I completely

Surrender myself
For my entire life
You're my bleeding Rose

How'd you like to take my hand
You should help me pave the way ooo...
Surrender all your weaker thoughts
Grab my hand and hold me down cause I think we are
close
