"Dancer"

Going deep unknown, all the information leads me to
believe there's much more
I never knew that you danced, until you danced your
way right into my head that day
Coffee dates and slow jams, talkin wavelengths no one
gets but you cause you tune in
I never played the lead role, but I feel a change now
that you dance in my head
Now that you dance in my head x2

Every move you make, puts us center floor waltzin to a
song of better ends
I know you fancy another man, but I bet my love could
out do his cause IÂ'm in your head
Site in site for another dance, holding tight cause all
these new thoughts can bring us down quick
When this ends donÂ't stop, weÂ'll make are own song
dancin round, round in your head
Now that we dance in your head x2

Link your thoughts with my thoughts x4

Now are thoughts are on point, how about we both go
out and dance for real
