You're my midnight angel
Can I make you mine
Can I tame that heart

Yea I know we're strangers
My names I'm in love
Can I call you the one
I am head over heels, My heart, My Soul,
Is all for you I can't hide the truth

Here I am, Here to save the day
Here I am, I'll help you find your way
(Break)
Now you know a hero
Can I get that name
Forever and a day

Yea I know we just met
But love has no time
And youth is almost gone
I promise to be real, My word, My strength will see us
through my secret
Stays with you

Here I am, Here to save the day
Here I am, I'll help you find your way x2
I'm gonna save you x4

(Break)
