Haven't felt clean, since the old days when me and the  
sun were best  
Friends ooo  
Whatever I get, there is always another hand trying to  
take my hard earned  
I have good smile, but lately I've been used so it in my  
back pocket

Ain't that a shame I can't be me  
I walk circles and circles and circles around and no one  
sees me  
Ain't that a shame I can't be me  
Who should I be  
Who should I be  
Me

Dammed if I move, there's a pack of new age wolves at  
my front door ooo  
Spin to the tunes, of the crushed up ticking clock playin  
12 noon  
Face to my face, if I ain't gonna be me then I ain't  
gonna be here

Ain't that a shame I can't be me  
I walk circles and circles and circles around and no one  
sees me  
Ain't that a shame I can't be me  
Who should I be  
Who should I be  
Me

I'm a just Spin spin to the tunes  
I'm a just Spin spin to the tunes  
I'm a just Spin spin to the tunes  
Of my heart  
Of my heart

Ain't that a shame I can't be me x4
