I heard you sparkle, they painted your picture
The princess of the ball
Don't you worry your mind
You'll find a queen within your walls

Level out the field your playin
Search in spots with honor
Suddenly you'll see that there's
More than you've ever known

Find a trace with a face of golden
The skin type shouldn't matter
Place a hand in the air and ask to dance forever more

Ride the months, maybe years or decades
Whatever comes to pass
Skip to the beat of your taste
And leave the problems at the door

Simple advise
Take the road less traveled
Your Dark past may come back to battle
OOO, girl after the wall comes down
There will be more to see
Even more to see
Now Dance

Never displace your faith it holds you
God will see to that
Even though it's not written that way
I'm sure he loves us all

Permanent ways or just for days
Be who you know is honest
Don't you lay with the sores
Or you'll be hurt forever more

Simple advise
Take the road less traveled
Your Dark past may come back to battle
OOO, girl you know when the wall comes down

There will be more to see
Even more to see
Now Dance/I said dance

Find a trace with a face of golden
The skin type shouldn't matter
Place a hand in the air and ask to dance forever more
Now Dance
