Let's spend a day, you drive  
Head downtown and socialize  
Tell the secrets we hide

There's only me and you  
I Love when it's me and you  
Let's change

Talkin about lost times  
Remembin life we had  
We realize we're tied

There's only me and you  
I Love when it's me and you  
Let's change  
Let's change x9  
Here we go

Tomorrow morning x2  
Tomorrow morning I wanna wake with your head on my  
chest  
Sayin make it a double  
Tomorrow Morning

Let's change  
I Say oh my god, can we make to love  
We been there once I wanna do it again

I say yeah yeah yeah  
She says no no no  
I say yeah yeah yeah  
She says no no no  
I say no no no  
She says yeah yeah yeah  
I gotcha

Let's spend a day you drive  
Only me and you  
I Love when it's me and you  
1... 2... 3... 4

Now grab your best friends and ya, boyfriends and ya,  
girlfriends and ya  
Husbands and ya wives everybody, sing with me  
There someone crazy enough to want to take your  
hand  
He's two steps right in front, aiming high with a  
gentleman's call yeah  
On a knee for you don't play tell your roots  
He'll lay your life in diamonds, soul straight gold with a  
hint of platinum  
Unfurl my words lady I'm on one knee  
A poet I'm begging please do wed this One way man  
yeah

So now it's known he's destine, to brave your jagged  
cave  
He knows the dangers that lay there but hero's go  
where no man won't yeah  
Unfurl my words lady I'm on one knee  
A poet I'm begging please do wed this One way man  
yeah x2
