I need a nurse I need a nurse these shoes were made
for trouble

Two more steps two more steps won't you join me
honey

Goin west goin west we'll go take the stars
Show them how show them how Indiana love is grand

We're two steps from the road
I know I'm askin a lot by tellin you to leave baby
But think of all the hero's we can meet under those
lights
Under that star lit world

I need a nurse I need a nurse you know just who you
are
Two more steps two more steps won't you come along

And show me your hands, Yeah

Goin west goin west we'll go take the star
Show them how show them how Indiana love is grand

We're two steps from the road
I know I'm askin a lot by tellin you to leave baby
But think of all the hero's we can meet under those
lights
Under that star lit world

Show me your hands x4

I need a nurse I need a nurse you know just who you
are
Two more steps two more steps won't you come along
