This song was apparently never charted as a single by
anyone

From the 1959 comedy film "A Private's Affair" starring
Sal Mineo, Barbara Eden, Gary Crosby
and Jim Backus

Love is for the warm and willing, waiting for the warm
and willing
Love is ours to take or toss aside
Take this promise to your heart and let your lips repeat
"Kisses are too sweet to be denied"

Show me that you're warm and willing, make each
golden moment thrilling
Give my empty arms a welcome sign
We can make the stars go spinning and the earth stand
still
If you're warm and willing to be mine

Take this promise to your heart and let your lips repeat
"Kisses are too sweet to be denied"

Show me that you're warm and willing, make each
golden moment thrilling
Give my empty arms a welcome sign
We can make the stars go spinning and the earth stand
still
If you're warm and willing to be mine

It would be heavenly.. if you're warm and willing to be
mine
