Matisse

(What up, girl?)

I can do it better than her

I can do it better than her

I can do it better than her

I'll do it better than her

I'll do it better than her

I'll do it better than her

Hey, Akon

I'm looking at you, I'm looking at my girl

And it's making me wanna go and question

What I'mma do with you in my world

When I just replace you with that blessing

But I don't know, I can just hear you talking

About your good sex lessons

Need you to show me that weapon

Otherwise I can just keep on steppin, girl

You hear there was a party

Tonight and I'd be here

I just saw you lookin' at me

Even though she's here

Everytime I turn around

You seem to be worried about me

(Is dat right?)

What about me?

(Is dat right, girl?)

I can settle down for the things you like

I'm a girl who can take the lead

But I'm still the fall back type

Give you the space you need

Even though I can't explain

How I do the damn thang

I would put it on my life, that I

I'll do it better than her

I'll do it better than her

I'll do it better than her

I can do it better than her

I'll do it better than her

I'll do it better than her  
I'll do it better than her  
I can do it better than her  
I can do it better than  
Hey, hey, hey  
If you can do it better  
Say hey, hey, hey  
Everyone together now  
Hey, hey, hey  
If you can do it better say  
Hey, hey, hey  
(Bring it down)

You showed up to the party  
For all the wrong reasons  
She said if you look over again  
That she's leavin'  
I don't really feel so bad  
Cause I know ya better without her  
(Is dat right?)  
What about her?  
(Is dat right, girl?)

You settle down for the things you like  
I'm a girl who can take the lead  
But I'm still the fall back type  
I'll give you what you need  
And even though I can't explain  
How I do the damn thang  
I can show you tonight  
I'll do it better than her  
I'll do it better than her  
I'll do it better than her  
I can do it better than her  
I'll do it better than her  
I'll do it better than her  
I'll do it better than her  
I can do it better than her  
I can do it better than  
Hey, hey, hey  
If you can do it better  
Say hey, hey, hey  
Everyone together now  
Hey, hey, hey  
If you can do it better say  
Hey, hey, hey

Not only did you come back  
And throw that body on me  
But you made my eyes see a miracle, miracle  
Now I got to decide to do the right thing

Like I was Spike Lee  
Tell me would you allow her  
To break you off  
Break you off

Shake it on me  
Shake it on me  
Shake it on me  
Go ahead  
And break it on me  
Girl, just make a statement on me

Shake it on me  
Shake it on me  
Shake it on me  
Go ahead  
Now break it on me  
Girl, just make a statement on me

Hey, hey, hey  
If you can do it better  
Say hey, hey, hey  
Everyone together now  
Hey, hey, hey  
If you can do it better say  
Hey, hey, hey

I'm still better than her  
I'm still better than her  
(So you can do it better, girl)  
I'm still better than her  
I'm still better than her  
(So you can do it better, girl)  
I'm still better than her  
I'm still better than her  
(So you can do it better, girl)  
I'm still better than her  
I'm still better than her  
(You can do it better, girl)  
I'm still better than her  
I'm still better than her  
I'm still better than her  
I'm still better than her  
I'm still better than her  
I'm still better than her  
(You can do it, better!)
