Time to feel safe  
In no arms  
On a perfect and blue day  
And a hard mother's slap

Toys up!  
Toys up!

Time to feel sane  
In no shade  
In a dusty dark room  
And an uneasy nap

Toys up!  
Toys up!

Will you try to play  
When they come our way?

Toys up!  
On a cold day  
Watching mice disintegrate  
Toys up!  
In my street  
Always like a fatal beat  
And I want my toys up  
Saw them moving in the dark  
And I don't know what to say  
Since that day...

Toys up!  
Want to touch the sun  
I never told you  
Toys up!  
Running in the sea  
I really loved you  
I could be one of them  
My toys' poison  
Runs the adult zone.
