On a day when a man was born, up from one world to another
I don't know who you are, even when we face each other
When I wake up I know you're here this is everything you've done
I've got nothing to fear cause the battle's already been won.

This is the time of divine favor
Sublime love cuts like a razor
Burning up our fear and pain
Ascend in fire like a laser beam

This is the time of divine favor
Sublime love cuts like a razor
Burning up our fear and pain
Ascend in fire like a laser beam

Search heaven and the seven seas
The answer lies inside you
You know it won't come easy
You've got to find your own truth

When I returned to the lower garden
I saw many souls living and dead
Rushing back and forth one world to the next
The joy was too great for years to get over words to express
All would be forgiven for stolen time and debts
Ask me to run with them, cause of the ?
You've been giving eyes to see
Looking for a prophet to accompany me
Alone I must go, on my own,
Fly with my very own set of wings
I, reached the highest heights,
knocking on the door with the king of kings

This is the time of divine favor
Sublime love cuts like a razor
Burning up our fear and pain
Ascend in fire like a laser beam

This is the time of divine favor
Sublime love cuts like a razor
Burning up our fear and pain
Ascend in fire like a laser beam

Search heaven and the seven seas
Answer lies inside you

You know it won't come easy
You've got to find your own truth

It's your life to live, I can't live it for you
It's your time to give, and I can't give it for you
It's your fear to lose, I can't lose it for you
Death or life, so choose, and I put both before you
So, find your word of truth,
You've got to find your word of truth

It's your life to live, I can't live it for you
It's your time to give, and I can't give it for you

Search heaven and the seven seas
Answer lies inside you
You know it won't come easy
You've got to find your own truth

Search heaven and the seven seas
Answer lies inside you
You know it won't come easy
You've got to find your own truth
