See no matter where I am, bless me with all your light,  
I'm on the train brain vexed connected then I feel  
blessed,

Whether day or night, I'm on the street, midtown New  
York City,

Let me stop praise your name, I need room to breath!  
(I) wanna feel your ease, i got to feel your peace,  
Screamin' down on my (knees), because mine' inside  
bleed,

I set my heart on fire, witness all'a vampire,  
Yes i came here all'a to inspire, (see tha)  
Close mine eyes and take a ride inside,  
Feel the breeze blow by, I'm getting' yo high,  
Bob Nesta said it best, everything will be alright,  
Introspect, connect the sect's and let this music take  
you high.

Close mine eyes and take a ride inside,  
Feel a breeze blow by, I'm getting' yo high,  
And tha reggae \_\_ the best music, i'm \_\_\_\_\_ tonight  
Introspect, connect the sect's and let this music take ya  
high.

Moonlight enlighten my way, at twilight,  
From the heights of my roof, I send praise then poof,  
I'm looking up at the night,  
And ask for help to get up and get up and get up and  
get up and get it right

I said tha  
Moonlight enlighten my way, at twilight,  
From the heights of my roof, I send praise then poof,  
I'm looking up at the night,  
And ask for help to get up and get up and get up and  
get up and get up...

I said'a close mine eyes..  
(freestyle)

I listened' to the wind whistle in a channel of sound,  
My ear like a vacuum, begin to boom glisten,  
Like the sun heats a drum,  
Cursing' all of them doomed, rising' up from the  
ground,  
Growing full like the moon,

Said I'm planting like a seed yes sir,  
Them get up and get up and grow, and I'm firm like a  
tree,  
And I know that's what's I know,  
That some their colors wonderful like it was a rainbow  
Let me tell you one time if you didn't know me see tha..

Close mine eyes and take a ride inside,  
Feel the breeze blow by, I'm getting' yo high,  
Bob Nesta said it best, everything will be alright,

From Jerusalem, you take me high, make me fly, like an  
arrow 'pon a sky, like an arrow 'pon sky.  
Said Jerusalem, you take me high, make me fly, like an  
arrow 'pon a sky-y-y-y-y-y  
From Jerusalem, you take me high, make me fly, like an  
arrow 'pon a sky, like an arrow 'pon sky.  
Said Jerusalem, you take me high, make me fly, like an  
arrow 'pon a sky-y-y-y-y-y  
(Said Jerusalem)  
Said'a close mine eyes..
