You're all that I have and you're all that I need

Each and every day I pray to get to know you please

I want to be close to you, yes I'm so hungry

You're like water for my soul when it gets thirsty

Without you there's no me

You're the air that I breathe

Sometimes the world is dark and I just can't see

With these, demons surround all around to bring me down to negativity

But I believe, yes I believe, I said I believe

I'll stand on my own two feet

Won't be brought down on one knee

Fight with all of my might and get these demons to flee

Hashem's rays fire blaze burn bright and I believe

Hashem's rays fire blaze burn bright and I believe

Out of darkness comes light, twilight unto the heights

Crown Heights burnin' up all through till twilight

Said, thank you to my God, now I finally got it right

And I'll fight with all of my heart, and all a' my soul, and all a' my might

[Chorus:]

What's this feeling?

My love will rip a hole in the ceiling  
I give myself to you from the essence of my being and I  
Sing to my God, songs of love and healing  
I want Moshiach now, time we start revealing  
What's this feeling?  
My love will rip a hole in the ceiling  
I give myself to you from the essence of my being and I  
Sing to my God, songs of love and healing  
I want Moshiach now  
Strippin' away the layers and reveal your soul  
Got to give yourself up and then you become whole  
You're a slave to yourself and you don't even know  
You want to live the fast life but your brain moves slow  
If you're trying to stay high, bound to stay low  
You want God but you can't deflate your ego  
If you're already there then there's nowhere to go  
If you're cup's already full then its bound to overflow  
If you're drowning in the water's and you can't stay afloat  
Ask Hashem for mercy, and he'll throw you a rope  
You're looking for help from God you say he couldn't be found  
Searching up to the sky and looking beneath the ground  
Like a King without his Crown  
You keep fallin' down  
You really want to live but can't get rid of your frown

Tried to reach unto the heights and wound bound down  
on the ground

Given up your pride and the you heard a sound

Out of night comes day and out of day comes light

Nullified to the One like sunlight in a ray,

Makin' room for his love and a fire gone blaze

Makin' room for his love and a fire gone blaze

[Chorus:]

What's this feeling?

My love will rip a hole in the ceiling

I give myself to you from the essence of my being and I

Sing to my God, songs of love and healing

I want Moshiach now, time we start revealing

What's this feeling?

My love will rip a skylight in the ceiling

I give myself to you from the essence of my being and I

Sing to my God, songs of love and healing

Yo ( X 9)

I lift up my eyes where my help come from

Seen it circling around from the mountain

Thunder!

You feel it in your chest

You keep my mind at ease and my soul at rest

Look to the sky where my help come from

Seen it circling around from the mountain

Thunder!

You feel it in your chest

You keep my mind at ease and my soul at rest
