[verse 1]

Fire descends from on high in the shape of a lion  
Burn the sacrifice of pride and ride on Mount Zion  
Rub me the wrong way, taking the highway  
Rubbing sticks together but your fire's man-made  
Capitalize on hot air, soar like an airplane  
Yearn to rise in the sky quick high like cocaine  
False pride is suicide but you've got nothing to gain  
Babylon's buildings raise like flames  
Drowning in their champagne  
Explosion pulled the pin in the hand grenade  
Soul stain blowing up  
In your own domain  
Fire crackers ohh and aah  
But they never maintain

[bridge]

Fires burning  
Flames are dancing  
Don't burn the house down Lord  
Heavenly fire only resides on an alter made from the  
ground

[chorus]

Fire descends on high in the shape of a lion  
Burn the sacrifice of pride and ride on to Mount Zion  
[repeat 2x]

[verse 2]

One pair of eyes  
But see two different things  
One person cries but the other one sings  
You walk around like everybody owes ya something  
Take what you got, thank G-d for all that life brings  
The poor man has it all but not content with anything  
While the rich man's hands are empty but he's sitting  
like a kind

[bridge]

[verse 3]

Backpack's geting heavey, moving at a steady pace

Carrying bricks on your shoulders and lead around  
your waist  
Making way, run in haste  
There is no time to taste what you ate  
WE should be grateful got a plateful  
Fire burns like ice morcels falling fire like rain

[chorus]
