Sit back and in these days  
Remember my ways  
Oh, will I get out of my cage?  
Yes, I am a slave  
Searching for some freedom  
Searching for some freedom

So intend to sing them  
Songs to spark, memories  
What is a man with no history?  
Where am I? Who am I?  
What is this place?  
We're just spinning in space

I will be light  
I will be light  
Oh, I will be light  
Oh, I will be light

Time will continue without you  
So in the end it's not about you  
But what did you do?  
Who do you love besides you, beside you?

Many died in the name of vanity  
Many die in their mind's eye for justice  
We die for you and still do  
So I say to you this is nothing new

I will be light  
I will be light  
Oh, I will be light  
Oh, I will be light

One tiny moment in time

For life to shine, to shine  
Burn away the darkness  
You've got one tiny moment in time  
For life to shine  
To burn away the darkness

You've got one tiny moment in time  
For life to shine, to shine  
To burn away the darkness  
You've got one tiny moment in time  
For life to shine, to shine  
To burn away the darkness

You've got one tiny moment in time  
For life to shine, to shine  
To burn away the darkness  
You've got one tiny moment in time  
For life to shine, to shine  
To burn away the darkness  
One tiny moment in time

I will be light  
Oh, I will be light  
Oh, I will be light  
I will be light, light, light  
I will be light, oh, oh, oh

I will be light  
I will be light  
I will be light now, oh la la la la  
La-la-la-light, I will be light
