Fear nobody but His Majesty
My spirit, you retrieved
For you I wait silently
It seems that you believe in me

Fear nobody but His Majesty
My spirit, you retrieved
For you, I wait silently
It seems that you believe in me

Indestructible diggin' through the rubble
Bubblin' we don't need no more trouble
That bahella-scope vision, hot, hot fiction
Like I'm runnin' a muck upon a rhythm

Stay on the plan so you don't lose the vision
Stay sizzling Peter Pan, I'm from a land hip like this
From the city feelin' it, ya, breathin' in
Ya put on your glasses and ya see through it

Fear nobody but His Majesty
(Fear no one)
My spirit, you retrieved
For you I wait silently
(His majesty)
It seems that you believe in me

Fear nobody but His Majesty
(Fear no one)
My spirit, you retrieved
For you I wait silently
(His majesty)
It seems that you believe in me

Some of them run-run-runnin' like rats on a wheel
Trife will find her new deal
Who is their ticket for a meal?
This world is real on the heels of a final generation

I remember that day in November
Standin' on the roof and I'm feelin' so tender
All shook up like I've been in the blender

Fend off the demons in the park after dark

Lend me your hand I want to be a member
Spent too much and now I'm rendered
Dead mend these wounds, we got to find a common
thread
Want to fly in the sky but you're heavy like lead

Fear nobody but His Majesty
(Fear no one)
My spirit, you retrieved
For you I wait silently
(His majesty)
It seems that you believe in me

Fear nobody but His Majesty
(Fear no one)
My spirit, you retrieved
For you I wait silently
(His majesty)
It seems that you believe in me

Just a tool in the hands of the builder
Fill them with the strength to go further
Diggin' deep for eternal treasure
Stay away from quicksand and false pleasure

Dare not speak with arrogance
Appearance like a lion lurkin' in the mist
They surround and they gaze their fix
Grab the rope of God's heritage

Fear nobody but His Majesty
(Fear no one)
My spirit, you retrieved
For you I wait silently
(His majesty)
It seems that you believe in me

Fear nobody but His Majesty
(Fear no one)
My spirit, you retrieved
For you I wait silently
(His majesty)
It seems that you believe in me

Release me from their schemes
My distress, you will relieve
Shield me on the path that's dark and slippery
They seek deception and futility

I stand with integrity
Sneak to the roof of that building
Don't want nobody here to see me
To say that I'm livin' in a fantasy
But I believe in find and keep

And I plead in sincerity
Won't you utterly remove the cloud hangin' over me?
Won't cha wave that decree in the shade of your
wings?
Shelter me from the wicked who have plundered me
From my mortal enemies, won't ya shield me?
