Oh in this life filled with so much strife
I'm gonna love with all of my might
Open my eyes and give me the sight
Want all of your love now, all of the time
Give ya my soul now, all of my mind
Wish I could just hit rewind rewind

We must fight the war for survival we must win
And we will rise again like the strongest lion
We must fight the war for survival we must win
Conquer the demons cause we won't stop tryin

Oh my soul
Has been so low
Make them clouds fade to blue
So my love can shine on through
Shine on you

Circlin ramp one night
Lyn on my back watchin clouds in the sky
Ace pass by and the angels cry
Some of them might wanna wonder why
Circlin all them seven skies
Wish I could just press rewind
Press rewind press rewind

We must fight the war for survival we must win
And we will rise again like the strongest lion
We must fight the war for survival we must win
Conquer the demons cause we won't stop tryin

Oh my soul
Has been so low
Make them clouds fade to blue
So my love can shine on through
Shine on you

Oh I could let you go oh oh I love
Oh I got to follow on high tightrope

Oh my soul
Has been so low
Make them clouds fade to blue
So my love can shine on through
Shine on you

Shine on you
Shine on you
Shine on you
Shine on you

Oh my soul
Oh my soul
Oh my soul
Oh my soul
Oh my soul
