[Verse 1:]

Keep on moving to the first rays of dawn  
Keeping it on till the sun moves on  
Keepin till the night time all along  
On and on- I keep singing my song  
I said, these ways aren't those ways  
Sometimes I get so fased  
But just know that ill always stay  
Cause your my light through the haze

[Chorus:]

Its time for a champion  
Soothe the soul of the land  
Mend the heart from the sea and the sand  
Until the sun comes up again [x2]

Reach for the sky  
Keep your eye on the prize  
Forever by my side  
Your my golden sunshine  
Fits raining in your mind  
So push those clouds aside  
Forever by my side  
Your my golden sun

[Verse 2:]

Sunset I let myself down  
Found the ground beneath my heart gone  
No more words were there to speak  
On that day my song was born  
Never meant to leave you all alone  
Said I'd be your shelter from the storm  
Now your clothes have all been torn  
Kingdom sacked attacked and dethroned

[Chorus]

Reach for the sky  
Keep your eye on the prize  
Forever by my side  
Your my golden sunshine  
Fits raining in your mind

So push those clouds aside  
Forever by my side  
Your my golden sun

It's the way of the world  
Your on your own  
Time to grow and be a man  
Want to fly high like peter pan  
No more never never land  
So loose your backpack filled with sand  
Come along now take my hand  
We'll walk together- walk forever

Reach for the sky  
Keep your eye on the prize  
Forever by my side  
Your my golden sunshine  
Fits raining in your mind  
So push those clouds aside  
Forever by my side  
Your my golden sun

Reach for the sky  
Keep your eye on the prize  
Forever by my side  
Your my golden sunshine  
Fits raining in your mind  
So push the clouds aside  
Forever by my side  
Your my golden sunshine
