I told her you must go you can't stay here
She said, "I know since the death blow
My soul's been old like sand, I'm so tired
It's like my spirit expired"

Remember when I was just a child
Now I feel like a star at daybreak
'Bout to expire and get lost in the sun
Me and you we got to leave and just run and run

Don't wait for me while I'm down
'Cause I might not get up
All I have is right now
Gonna give you what I got

You are the only good thing that I have ever done
We will walk until my blood runs out
Until my heart is burnt you are not alone

You are the only good thing that I have ever done
(Run, yeah, run, yeah, running away, come we stun you
here to stay)
(Up and down so look both ways trying to live most
everyday)
(If you don't well that's okay, bound to the one and will
not sway)

We will walk until my blood runs out
(Found again his majesty record power radio play)
(Climb and climb to outer space, give and take, it's
time to taste)
(Make the best, don't leave no waste)

Until my heart is burnt you are not alone
(World moves fast, don't lose your place)
(Wanna build tall, gotta have a strong base)
(And play like kids and meditate)

He sits on top of a mountain
Pumping blood through the veins of creation
Land and sky, he aches for her
But can't find his way, can't live no more

And I ache for her but can't find my way
I can't live no more, she is not alone
Just before the light goes away comes a child
That collects all the reasons

To be the laughs, the smiles, moments of clarity
Exchanging them for another day
Exchanging them for another day
And so my heart continues to say

You are the only good thing that I have ever done
We will walk until my blood runs out
Until my heart is burnt you are not alone

You are the only good thing that I have ever done
(Here we go, it's you and me, gotta let go, gotta
believe)
(Rip through negativity, find some place where we can
be)
(Oh, I agree inevitably we can't stay here, it's time to
leave)

We will walk until my blood runs out
Until my heart is burnt you are not alone
(Slip and slide the day has come)
(Undone, bottoms up don't be a crumb, undumb)
(Children dance sing and drum, lighten up, don't weigh
a ton)

You are the only good thing that I have ever done
(She said, "We got to go, we can't stay here")
(I said, "I know but got no place to go")
(The nights are cold and we need a place to be")

We will walk until my blood runs out
Until my heart is burnt you are not alone
(Remember when I was just a child)
(Now I feel like a star at daybreak 'bout to expire)
(And get lost in the sun)
(Me and you we gotta leave and just run and run)

You are the only good thing that I have ever done
(Run and run, run and run away)
(We can't stay, we can't stay)

We will walk until my blood runs out
Until my heart is burnt you are not alone
(Run and run, run and run)
