You think that no one understands  
When you don't feel strong hey  
I got an answer for you  
There's a way that's light and easy, it's true

He knows when you fall, So get up and go on  
And I want you to know that you don't have to go all  
alone

### CHORUS

Even with tears in your eyes  
Count it all joy until the time  
Until you make it through the storm  
Turn from your past say goodbye  
Remember you were crucified with Christ  
You were crucified with Christ  
Yea oh yea, so let the weak say I'm strong, yea yea  
So read the word renew your mind oh, oh When they  
tried to remind you  
The road you use to travel  
Can be a distant memory, You decide

The wind and the waves, Stare you in the face  
Put on your armor, And don't run away  
I know that Jesus is there  
So just cast all your care, It will be alright

### BRIDGE

And when you know you got a weakness  
He will be strong, On that day you will say  
You belong in the presence of the Lord  
So let Him reign, let Him reign, let Him reign in your  
heart, in your heart

### CHORUS
