The way seems hard
We've come too far to give up now
Don't Worry (No don't you worry)
Though the pressures of life seem to trap you inside
Be encouraged (My friend be encouraged)
Remembering times past
He brought you through when you thought you would
not last
So put your mind at ease
Maintain ability is God's opportunity
Like veterans weep times of joy and suffering
He loves you always thinking of you
Maintain your faith though you pray in agony is not in
vain
(He will ease the pain)
Remembering in times past
He brought through when you thought you would not
last
So put your mind as ease
Maintain ability is God's opportunity
It's not always easy for us to be patient in our
experience
One thing for sure if we endure
There will be deliverance
Don't you fret, don't worry
Don't worry, don't you fret
Jesus will bring you through
Don't worry, don't you worry
He'll be there to see about you
Don't worry, no need to worry
Jesus will bring you through
Don't worry, don't you worry
He'll be there to see about you
Don't worry, no need to worry
When your life is in despair
Just cast upon Him every care
For your burdens He will bear
Just cry out he will answer prayer
No need to worry
Tell Jesus all about it
In spite of all odds
I'm gonna put my trust in you

No need say
No need to worry
You gotta know him for yourself
You can't count on no-one else
No need to worry
Jesus will bring you through
Don't worry, don't you worry
When trouble come your way
Get down on your knees and pray
Tell Jesus all about it-
