are you bothered by temptations  
that the tempter brings your way?  
is the threat of losing fellowship  
staring in your face?  
and though your stronger yesterdays  
come back to drain your faith  
seems there's no one who can help you  
and your falling from grace.

hey, its like your losing ground you've  
fallen down again and will there ever be a day  
that you can say 'I WIN'?

well the time is now and the day is today  
you can finally sing;  
I've had enough of the bitter cup  
I'm waking up realising there is power in god's word!

hide the word in my heart  
that I might not sin against thee.

though you try to do your very best  
it never works out right  
every good thing you have longed for  
seems so far out of sight.  
and though your friends are all around you feel all  
alone  
and the prayers that you daily pray  
don't get to God's throne

hey, its like your losing ground you've  
fallen down again and will there ever be a day  
that you can say 'I WIN'?

well the time is now and the day is today  
you can finally sing;  
I've had enough of the bitter cup  
I'm waking up realising there is power in god's word!

hide the word in my heart  
that I might not sin against thee.

when it looks like there can be no hope for you  
and your failing in all you say and do.  
just remember there is power in God's word  
you shouldn't listen to the things you've heard!

there are somethings I don't understand  
but through your word I know I can  
and if you'd just hide the word.....  
that I might not sin against thee

hide the word, hide it in my heart
