Lord I,dont wanna be lonely
Though I know you love me and you still care
I must confess that nevertheless,there is loneliness
Even in the morning we may get a little weary
But let the weak say I'm strong
In the power of this might go wrong
though you may feel yet instilled
You are not alone
Oh oh you are not alone,

CHORUS

There's a voice singing low I hear him say
I can hear him say
No(no) I am with you always daughter
Just begin your day,hey that's okay
But the sun,sun's on the way

Jesus said trust me I have never failed you
so don't you worry
This loneliness shouldn't be
I'll extend you my mercy
Replace the loneliness and give you joy and happiness
Oh joy,and happiness (yeah)

CHORUS

There's a voice singing low I hear him say
I can hear him say
No(no) I am with you always daughter
Just begin your day,hey that's okay

But the sun,sun's on the way

put your trust in me
you will find that you'll never be lonely
put your trust in me
And I guarantee
That you'll never,never be lonely
I'm never gonna leave ya,I'm right beside ya
Never gonna leave you lonely
put your trust in me,you'll never be
I guarantee that you'll never be lonely
Lemme guarantee you know you'll never have to be

lonely
yeah,lonely,yeah,lonely

No more loneliness,Jesus gave you joy
No more sing it no more

No more loneliness,Jesus gave you joy
No more sing it no more

No more loneliness,Jesus gave you joy
No more sing it no more

No more loneliness,Jesus gave you joy
No more sing it no more

No more loneliness,Jesus gave you joy

Lemme guarantee you know you'll never have to be
lonely
yeah,lonely,yeah,lonely
