Through a child's eyes the world looks so clear
They're untouched and they're for love, love
Like the pure love of two hands joined in promise
One with another they roll in newly for the rancing

Well, Hey, hey, la, la
We're gonna build our dreams together
Hey, hey, la, la
We got time we got forever
Hey, hey, la, la
We've got a good thing
We've got each other
Eternity won't seem that long
Cause time will fly with you and I together

The best friends we will ever have in this life
la la la hey hey-ey
Well all the friends who will be there by our side
Through thick and thin they'll hold on through
And they'll roll a new love and keep it rollin'

Well, Hey, hey, la, la
We're gonna build our dreams together
Hey, hey, la, la
We got time we got forever
Hey, hey, la, la
We've got a good thing
We've got each other
Eternity won't seem that long
Cause time will fly with you and I together

Hand in hand we'll walk through this life
Holding each other true
And if we ever fall behind
We'll help each other through
Yeah

Well, Hey, hey, la, la
We're gonna build our dreams together
Hey, hey, la, la
We got time we got forever

Hey, hey, la, la
We've got a good thing
We've got each other
Eternity won't seem that long
Cause time will fly with you and I together

La, la, la, hey
