then through the times  
through endings with beginnings  
brown hair and black eye

we just can't leave  
cut the sleeves off your shirt  
it's warming up outside

and i am the one  
who's singing out of key now  
ahhhhhh

so try as you could  
daylight in the daytime  
burnt hands feel so good

i said in this light, blazing dynamite  
tan skin looks like gold, tan skin looks like gold  
i said in this light, blazing dynamite  
tan skin looks like gold, now i'm sure i know

then through the times  
and then through a railroad  
apartment eight feet wide

now we can't leave  
one sleeve, brown hair, and black eyes  
blue flames, and gold teeth

and i am that kid

who's laughing back at himself  
oh ahhhhhhh

so try as you will  
daylight in the daytime  
i'm here for the thrill

i said in this light, blazing dynamite  
tan skin looks like gold, tan skin looks like gold  
i said in this light, blazing dynamite  
tan skin looks like gold, now i'm sure i know

while sparks and fire burned  
we loudly sang it stern  
ahhhhhh  
oh ahhhhh

and like a movie set  
the glow was warm and bright i bet  
ten more frames, and this thing ends

i said in this light, blazing dynamite  
tan skin looks like gold, tan skin looks like gold  
i said in this light, blazing dynamite  
tan skin looks like gold, now i'm sure i know
