I feel so high like I'm on a plane,
Like I'm on a cloud nine and I'm making it rain!
Black shoes, black shirt, black hat, black diamonds,
Black everything I brought black back
Black Franck Muller, Tell our haters bout' that
I'm so out of here, you can't stop that!
Fast is a fact, I can't feel my face,
I'm so outta space, I'm so in a daze!

Chorus

Believe me I said, I'm a goner
All my life you've known, I'm a goner
Believe me, I'm a goner
Come with me, I'm a goner!
Believe me I said, I'm a goner
All my life you've known, I'm a goner!
Believe me, I'm a goner
Life's too short to wait any longer!

Well I'm a goner, can't you see?
Started shallow - going deep!
I'm a goner, can't you see?
Singing six feet beneath.
I'm a goner, bit by bit
Bit's too thin, I'm overhead
Chalk-drawn picture, while you sleep
I'm a goner, can't you see?

I said I'm a goner, you better not look for me!
I'm a goner.
I'm long gone; Now boy - I'm telling you
I'm a goner.
You're never ever gonna find me (Oh)
I'm a goner.
I'm long gone - so sing that song.

Believe me I said, I'm a goner
All my life you've known, I'm a goner
Believe me, I'm a goner
Come with me, I'm a goner!
Believe me I said, I'm a goner

All my life you've known, I'm a goner!
Believe me, I'm a goner
Life's too short to wait any longer!

I'll be there in a minute - don't you wait for me!
Believe me I'm a goner - it's too late for me!
Take me on my shoes - no replacing me.
It's okay, I'm living two lives - no saving me!
Oh, Oh
I said Oh, Oh
I said Oh, Oh, Oh.

Believe me I said, I'm a goner
All my life you've known, I'm a goner
Believe me, I'm a goner
Come with me, I'm a goner!
Believe me I said, I'm a goner
All my life you've known, I'm a goner!
Believe me, I'm a goner
Life's too short to wait any longer!

Believe me I said, I'm a goner
All my life you've known, I'm a goner
Believe me, I'm a goner
Come with me, I'm a goner!
Believe me I said, I'm a goner
All my life you've known, I'm a goner!
Believe me, I'm a goner
Life's too short to wait any longer!
