"Not That Bad"

I'm not walking back
Closed doors make it hard
To see what's ahead
So please bring a key
You called me hopeless
But I swear, it's not that bad
And you said it's worthless
But I swear, it's not that bad
Your watch looks the same
But times they have changed
All hands pointing up
These streets have been saved
They're painted with luck
Guard rails and road signs
Pot holes, yellow lines
Sirens they sound thin
You called me hopeless
But I swear, it's not that bad
And you said it's worthless
But I swear, it's not that bad
I'll get in the game
You'll know my last name
